

Sweet Deliverance™ Desserts...

Splendidly **low-carb, sugar free**
and **all natural gluten free cakes!**

⚡ Are you diabetic, hypoglycemic, gluten intolerant, recovering from a major disease or simply counting carbs for life?

⚡ Have you been told that eating rich desserts is out of the question if you want to lose weight and live a healthy lifestyle?

Don't despair! We at Rheinlander's Bakery have spent endless hours creating our Sweet Deliverance™ line of cakes and desserts. Our mission is to provide sugarless desserts that taste better than sugar and are better for you. Our desserts are made from the world's healthiest sugar replacers: Xylitol, known in Europe as birch sugar, Erythritol, and Stevia, the pure extract from the stevia plant. Flour is replaced with "no gluten" flours like sorghum, amaranth, whey protein isolate, natural fibers like guar gum and xanthan gum. The result – delicious, healthy cakes that are lower in net carbs and high in the good fibers. Our oils are the "good oils" – transfat free and non-hydrogenated!

Celebrate in style and let your guests enjoy our luxurious European style cakes prepared from scratch, baked and decorated especially for you. Our cakes feature delectable cake layers that are all natural — fresh butter and the good oils (trans fat free!). Enhanced with delicious fillings of French buttercream, real fruit and quality nuts. Our famous buttercream is light, creamy, not too sweet, and about half the weight of ordinary cake icings. Indulge in our wide selection of cakes or create your very own favorite combination!
